

# Technical Data Sheet

## Release Agent LP120/12

<b>Product name:</b>	LP120/12
<b>Area of application:</b>	Pressure rollers (Hot air / Laser machines)
<b>Application:</b>	Intermittent application to the pressure rollers. Use within high heat zones. Contamination of the rollers is prevented.

### Physical and chemical characteristics:

- Form: Fluid
- Colour: Colourless
- Smell: Alcohol-like
- Ignition temperature: ---  
Product is not selfigniting.
- Boiling range: > 78 °C
- Flash point: 62 °C
- Values for explosion: Lower 1,3 Vol %  
Upper 15,0 Vol %  
Product is not potentially explosive.
- Density: 0,996 g/cm<sup>3</sup> (at 20°C)

**Composition:** Mixture of ethanol

**Available packaging (liter):** 30|200|1000

### Safety Instructions:

- Transport: No dangerous good
- Customs tariffe : 38140090
- Storage: Keep container tightly closed. Store in a cool, dry place.
- Disposal: According to official regulations, or returnable packaging

- ✓ Low consumption: <1 litre per fine nozzle per 5000 running metres
- ✓ Compatible with all commercially available edge bands and adhesives
- ✓ Finish Quality
- ✓ High-quality raw materials
- ✓ Not harmful to the environment or health
