

# TigerStop

## UKA 600

# Up-stroke angle cross-cutting saw UKA 600

Saw blade diameter	: 600mm
Maximum cutting height	: 170mm
Rotation speed	: 2800 rpm
Cutting angles	: 20 - 90 - 20 degrees or 30- 90 - 30 operated automatically
Motor power	: 7,5KW
Requirements	: 400 Volt 50Hz
Working height	: 900mm
Diameter of dust exhausts	: 100 mm diameter
Saw stroke	: pneumatic

## Positioning System TSL

Tigerstop 4.8	Working length	4,0m
	Total length	5,4m
TigerStop 6.8	Working length	6,0m
	Total length	7,4m
TigerStop 8.5	Working length	7,5m
	Total length	9,1m

## Options:

PC with TigerAngle program, computer and computer cabinet to control the saw and the Tigerstop pusher simultaneously

## Other models:

<b>UKA 450</b>		<b>UKA 800</b>
